

PAKET / PACKAGE NO :

0313351

ALAŞIM / ALLOY : 1050

KONDİSYON / TEMPER : H14

BOYUTLAR / DIMENSIONS : 1,500 x 2000 x 3000

YÜZEY / SURFACE : Düz \ Plain

Coils/sheets/tread plates are produced according to EN485-1-2-4 , EN573-3, EN546-1-2-3-4 , EN1386, ASTM-B209 standards**
- For the purpose of traceability, inspection and test results of incoming raw materials which are related to products can be provided upon request.

-Tests and equipments;
-Tensile test : ZWICK Z050 or ZWICK 1478, EN 6892-1 or AA (depending on customers' requests)
-Spectral Analysis : ARL 4460, ARL 3460
-Hardness test : FUTURE-TECH FM-700, EN ISO 6506
-Cupping test : ERICHSEN, DIN 50101

** Materials produced according to customer and/or Assan specifications are exempt from these standards.
